Please be advised that Jarrow Formulas, Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

Name of Product: Lycopene, 30 softgels, 60 softgels

Active Ingredient(s): Lycopene

Claim(s): Lycopene, one of the more prominent carotenoids found in nature, has shown remarkable results in clinical trials investigating the degenerative effects of the free radical singlet oxygen.

The following disclaimer appears on the label: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.

Respectfully submitted,

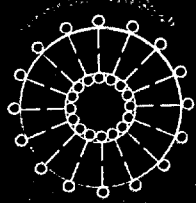

A handwritten signature in cursive script.

Siddharth S. Shastri, B.A., C.C.N.

30 Soligee 10 mg. each

WICOPINE

30 Soligee 10 mg. each

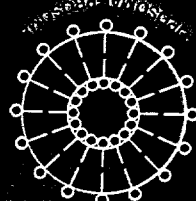

WICOPINE is a potent, long-acting, centrally acting muscle relaxant. It is indicated for the relief of muscle spasm and pain associated with acute and chronic musculoskeletal conditions. WICOPINE is contraindicated in patients with known hypersensitivity to the drug or to any of the components of the formulation. It should be used with caution in patients with a history of glaucoma, hypertension, or heart disease. WICOPINE is not recommended for use in pregnant or nursing women, or in children.
